## Community Focus Groups Update

In May, we held several successful Comprehensive Community Planning focus groups to gather input and ideas from the community. The Youth Focus Group saw great participation, with youth sharing their communication methods and brainstorming ideas for future activities and workshops. They were also excited about the new Youth Centre plans.

### Essential Items for Your 72-Hour Emergency Kit

As we approach the dry summer months, it's crucial to be prepared for potential evacuations. Ensure your readiness with a 72-hour emergency kit containing:

- **Water:** 2 liters per person per day.
- **Food:** Non-perishable items like canned goods and a can opener.
- **Lighting:** Flashlights with extra batteries or a crank flashlight.
- **First Aid Kit:** Stocked with essential supplies.
- **Personal Documents:** Copies of important documents and contact information.
- **Sanitation Supplies:** Hygiene items including toilet paper and hand sanitizer.
- **Clothing:** A change of clothes and a blanket for each family member.
- **Special Needs Items:** Medications, infant formula, and pet supplies if necessary.

Keep your kit accessible ensuring you can evacuate quickly and safely if needed.

The Community Focus Group had about 10 members, including three elders. We discussed current communication methods, potential improvements, and website additions, with a strong focus on preserving our language. The potential community name translation to "Anicinabe Nation of Kakinwawigak" received support by the elders present.

The Employee Focus Group on May 27th discussed how LPFN employees contribute to the community and how they are perceived. Key points included regular

updates, management meetings, and various communication channels like Facebook and electronic billboards. Participants emphasized the need for clear communication with the community and across departments.

Next steps for the community include attending future focus groups, providing feedback, and staying engaged in the planning process. Your involvement is crucial in ensuring our Comprehensive Community Plan reflects everyone's needs and preserves our heritage.

# Community News

## Opening of LPFN's Community Garden: Growing Together

The LPFN Community Garden is off to a fantastic start! Coordinated by Alex Dageman and Assistant Holly Chief, this project aims to grow our own vegetables and engage the community, especially the youth, in learning how to

cultivate their own produce.

The team has been diligently working on building garden beds, purchasing supplies, and preparing the grounds. The garden bins are nearly complete, and metal posts with ribbons mark the site to ensure visibility. Despite some delays due to new sewage

and water pipe installations, a new location behind Hector's and Shirley's has been secured, and preparations will begin this weekend.

Special thanks go to Donny and Jesse for their assistance in building the garden beds and to Raymond for transporting them to the site. The community's patience and support have been invaluable.

### Achievements:

#### - Sylvie Bernier

We want to extend our heartfelt congratulations to Sylvie Bernier, a LPFN member and community nurse, who successfully

trekked the Inca Trail to Machu Picchu. The 4-day, 3-night hike was an incredible journey, and we are so proud of her achievement.

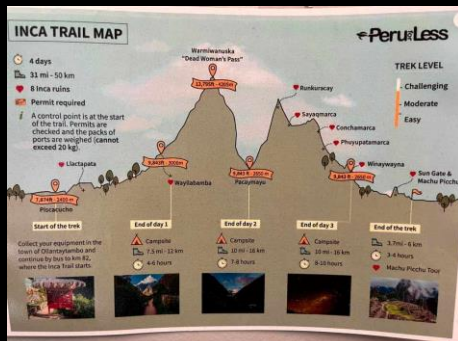

Sylvie, along with a group of women, started the trek on April 19 and arrived at Machu Picchu on April 22. This challenging hike is a testament to their determination and spirit. Lift Life Travel organized

trip and has announced that their trips to Machu Picchu for 2024 are sold out, but new trip announcements are coming soon.

Well done, Sylvie!

Stay tuned for further updates as the garden progresses. Everyone is welcome to check it out once it's up and running. If you have any suggestions or concerns, please feel free to contact the coordinators.

**PUBLIC MEMO**

**TO:** Long Point First Nation Employees and Community Residents  
**DATE:** Friday, May 17, 2024  
**FROM:** Bradley Polson, Communications Officer  
**SUBJECT:** Summer Hours & Office Closure Dates for Statutory Holidays

Kwe all!

I am very pleased to inform all LPFN employees and community residents that summer hours have been approved and will begin on **Friday, May 31, 2024** and will end on **Friday, August 30, 2024** at 12pm. Summer hours will resume to its original hours on **Friday, September 6, 2024**.

Please see the following for clarification of the schedule for the summer:

**Monday through Thursday:** 8:30am to 12pm – 1pm to 4:30pm  
**Friday:** 8:30am to 12pm – *offices will be closed for the afternoon*

With that being said, I wish everyone a great summer whether it's fishing, swimming, soaking up the sun on the beach, or going on adventures with family and friends!

**PRESS RELEASE  
BROADCAST AND MEDIA RELATIONS DEPARTMENT  
FOR IMMEDIATE RELEASE**

**DRUG RAID-WINNEWAY**

**Winneway Aki, May 22, 2024** – On May 15, police officers and investigators from the Sûreté du Québec's Témiscamingue MRC main station, in collaboration with officers from the Kebowek police department, conducted a narcotics search at a residence on Mahigan Street in the community of Winneway.

The resident, a 42-year-old man, was arrested and released. He is expected to return to court at a later date for further proceedings.

Charges of unlawful possession of liquor and sale without proper permits under the Liquor Control Offences Act, as well as charges related to possession for the purpose of sale of cannabis, could be laid against him.

In all, police seized:

- Over 450 grams of illicit cannabis;
- Vaporizers;
- Three firearms;
- One prohibited weapon (brass knuckles);
- Ammunition of various calibres;
- Drug paraphernalia;
- Canadian money;
- Cans of alcohol.

"This police operation is part of the ACCES-Cannabis program, whose mission is to reduce the availability of illicit cannabis on the Quebec market, particularly among young people, and to reduce unfair competition to the SQDC from illegal producers and traffickers."

Coordinated by the Ministry of Public Security, the **ACCES Alcool program** (Actions Concertées pour Contrer les Économies Souterraines) is a government initiative set up in 1996 to combat the illegal alcohol trade in Quebec. Comprising two components - inspections and investigations - the program aims to preserve public health, promote the integrity of Quebec's tax system and reduce unfair competition.

The Sûreté du Québec would like to remind you that any information relating to drug trafficking or production can be communicated at any time, in confidence, to the Sûreté du Québec's Centrale de l'information criminelle at 1-800-659-4264.

**PUBLIC MEMO**

**TO:** Long Point First Nation Members  
**DATE:** Wednesday, June 5, 2024  
**FROM:** Sûreté du Québec & LPFN Communications Officer  
**SUBJECT:** BOATING SAFETY - TIPS

**BOATING SAFETY - TIPS**

Sûreté du Québec water patrol officers are back on the water to ensure the safety of boaters and vacationers, who will be out on the water in ever-increasing numbers this summer.

At all times, for their own safety, citizens are urged to be forward-thinking, vigilant and attentive when boating on the water or in the vicinity of lakes, rivers and other bodies of water. Knowing your boat and familiarizing yourself with its equipment can help you avoid unfortunate situations caused by inexperience.

We invite you to follow these safety guidelines:

- Have the mandatory equipment on board your boat and check its condition before setting out;
- Wear a lifejacket in good condition and of adequate size at all times;
- Have a means of telecommunication on board (cell phone, VHF marine radio, etc.);
- Plan your itinerary and check the weather forecast before you leave;
- Carry a map of the water;
- Inform someone of your route (itinerary, boat details, people on board, etc.);
- Bring what you need to prevent dehydration, heat stroke and hypothermia;
- Beware of cold-water immersion.

Alcohol consumption also reduces a watercraft operator's reaction speed and ability to judge, which is why police are urging boaters not to consume alcohol when out on the water. It should be remembered that while it is permitted to consume alcohol aboard a boat in Quebec, it is a criminal offence to drive while impaired by alcohol or drugs.

If you have any questions, please do not hesitate to contact LPFN Communications Officer Bradley Polson at 819-722-2441 Ext. 261 or email [bradlevpolson@lpfn-aki.ca](mailto:bradlevpolson@lpfn-aki.ca).
