## LPFN's Annual Community Clean-Up Day

On Earth Day, April 22nd, Amo Ososwan School students, LPFN members, and volunteers gathered for our Annual Community Clean-Up.

Together, we worked on the beauty and safety of our community by removing potential fire hazards from public areas.

The day wrapped up with a community BBQ at the community hall, where members enjoyed

a FireSmart presentation focused on safeguarding our homes. The highlight was the LPFN Spring Clean-Up Contest

Participation Draw, giving participants a chance to win a Yamaha

Generator—congratulations to our lucky winner on page 2!

Meegwetc to everyone involved, the event was a wonderful success, filled with community spirit and valuable fire safety education. Here's to committing to a safer, cleaner LPFN!

## Fire Safety Tips

During our recent Community Clean-Up Day, we shared valuable FireSmart strategies to help protect our homes from wildfires.

Here are some key takeaways:

- *Clear the Immediate Zone:* Keep the area up to 1.5 meters around your home free of debris, leaves, and flammable materials to reduce fire risks.
- *Maintain Your Yard:* In the Intermediate Zone (1.5m to 10m from your home), use fire-resistant plants and materials, and ensure trees and shrubs are well-spaced and pruned.
- *Prepare the Extended Zone:* Manage vegetation and remove flammable materials within 10m to 30m, creating a buffer that can slow down a wildfire.

These simple steps can significantly increase the fire safety of our community. Let's stay vigilant and prepared!

## Celebrating Success at the 2<sup>nd</sup> Annual LPFN Employee Recognition Day

On April 26th, Long Point First Nation Employees came together to celebrate its 2nd Annual Employee Recognition Day. This event not only honored employees who have dedicated 5 to over 30 years of service but also integrated a lively western theme, adding a unique flair to the festivities.

This year, the event was packed with themed activities like Line Dancing, Bull Riding, and Country Trivia, each offering chances to win fantastic prizes. The highlight was the mega grand prize—a trip for two to see Brooks & Dunn live in Montreal, which added extra excitement to the day.

end with the ceremony. It extended into the evening with a special performance by David Hart,

followed by late-night karaoke at Laforce Hall. The entire day was a tremendous success, filled with joy, community spirit, and celebration of our dedicated employees. and we look forward to continuing this wonderful tradition and making next year's event even more memorable.

The celebration didn't

### Achievements:

#### LPFN Spring Clean-Up Contest Winner

We're proud to announce that LPFN's very own Councillor Steven Polson is the winner of the LPFN Spring Clean-Up Contest Participation Draw, earning a Yamaha Generator for him and his family's outstanding efforts. This contest was part of Long Point Fire Department's FireSmart initiative, aimed at increasing fire safety and promoting a clean environment throughout our community.

#### A Heartfelt Meegwetc

Meegwetc to everyone who participated, whether or not you submitted your cleanup results. Every effort helps in making LPFN safer and maintaining the beauty of our surroundings. Let's continue to embrace these practices and keep our community thriving.

## Public Notice

To: Members of LPFN  
 From: LPFN Natural Resources Department  
 Date: April 30, 2024  
 Re: Consultation Meeting Invitation – Harmonization on Forestry cuts

You are cordially invited to participate in a crucial consultation meeting organized by the LPFN Natural Resource Department regarding proposed forest cuts within our traditional territory.

This meeting is scheduled for May 8, 2024, from 1 P.M. to 4 P.M., at the community hall.

At the heart of our community's values lies a deep respect for our land and its resources. As such, your input is invaluable in shaping the forest management plans proposed by the *Ministère des Ressources Naturelles et de la Forêt* (MRNF). We understand the significance of this matter and aim to facilitate a robust discussion to address your comments, concerns, and preferences effectively.

Prior to the meeting, detailed maps and information pertaining to the proposed cuts will be available at the Natural Resource office. We encourage all interested parties to familiarize themselves with this information beforehand. Additionally, our team is available for home visits to accommodate those unable to attend the meeting.

Of particular importance to us are the perspectives of land users who frequent the areas targeted for management, such as hunters, fishermen and any other traditional use. Your firsthand knowledge and experiences are vital in ensuring that the proposed plans align with the sustainable practices of our community.

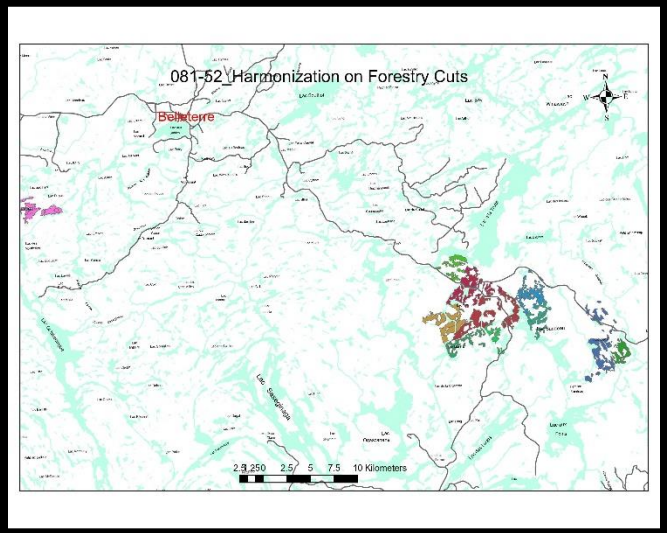

During the meeting, names will be collected for a chance to win prizes, fostering engagement and participation throughout the session.

Should you require further information or have any inquiries, please do not hesitate to contact the Natural Resources Office at 819-722-2441, ext. 255, or 819-722-2005.

Your active involvement is crucial in shaping the future of our forests, and we look forward to your valuable contributions.

Meegwetc.
